ECHOES FROM THE WALL

History, Learning and Leadership through the Lens of the Vietnam War

VVMF's secondary school curriculum about the Vietnam War era, *Echoes From The Wall*, was designed to help educators bring the lessons of Vietnam into their classrooms. Created with the help of educators and other experts, this program is designed to teach students about the Vietnam War and use the lessons of that chaotic period to imbue future leaders, sitting in classrooms today, with a heightened sense of responsibility, citizenship and service.

Echoes From The Wall has been distributed free of charge to all 40,000 public and private middle and high schools in the country. The package features a teachers' guide, two posters, two books, a video and a war chronology provided by the Veterans of Foreign Wars.
